8. Company -NXP Semiconductors Belgium NV

Delegate - Frank Daems, Business Development Manager

Profile -NXP Semiconductors provides High Performance Mixed Signal and Standard Product solutions that leverage its leading RF, Analog, Power, Digital Processing and manufacturing expertise. These innovations are used in a wide range of automotive, industrial, consumer, lighting, medical, computing and identification applications.

Website - <http://www.nxp.com>

9. Company - Penne NV

Delegate - Frans Penne, CEO

Profile - Progressive tools for metalparts, injection moulds, metal presswork up to 600 tons, plastic injection up to 3200 tons.

Website - <http://www.penne.be>

10. Company - Punch Powertrain NV

Delegate - Cor van Otterloo, Managing Director

Profile - Develops, sells and produces automatic gearboxes and mechanical components for the automotive industry.

Website - <http://www.punchpowertrain.com>

11. Company - Simonis Plastic SA

Delegate - Ghislain Gilliot, Managing Director

Profile - Designing; engineering and manufacturing of plastic technical parts. Specialized in project management and in injection of technical parts; Optim Test Center for trials and validation of moulds; R&D; expertise and training and Techno Consulting; product engineering; rapid prototyping of parts and moulds; manufacturing of small series.

Website - <http://www.simonis-plastic.be>

12. Company - Tele Atlas Data Gent NV

Delegates - **Arnout Desmet**, Director New Markets and **Tamhane Rajendra**, General Manager
Tele Atlas Kalyani India

Profile - For more than 20 years, Tele Atlas, the world's most trusted source of fresh, rich, and accurate digital maps and dynamic content, has helped its customers successfully respond to changing market demands. Leaders in innovation, they developed the first in-vehicle navigation system, delivered the first navigable digital roadmap of Europe, and were the first to deliver 3D city maps and landmarks

Website - <http://www.teleatlas.com>

13. Company - Van Hool NV

Delegates - **Filip Van Hool** Director Manager **Stefan Dhont**, Advisor IV

Profile - Construction of integral buses and coaches. Comprehensive range of semi-trailers, road tankers and tank containers. Sales all over the world

Website - <http://www.vanhool.be>

14. Company - Vincotte International SA-NV

Delegate - **Paul De Baetselier**, Vice-President International Business Development

Profile - Services in the field of quality, safety and the environment. Major services provided are: certification of compliance with a wide variety of regulations and standards, inspection and testing prior to certification, in-service training, training courses and consultancy. Automotive: System certification; supplier auditing according customer specifications; testing of different components and WVTA for national or European homologation and R&D following client specifications
