

One Day Seminar & Exhibition on
NBC Threat Detection, Monitoring & Protection Measures
Jointly organized by Defence Committee, MCCIA and DGQA
03 July 2009 at MCCIA, Pune

MCCIA is pleased to announce a one-day Seminar on “**NBC Threat, Detection, Monitoring, and Protection Measures**” jointly with DGQA (NBC Wing, Pune) on 03 July 2009 at MCCIA, Pune. A concurrent exhibition has also been arranged at the same venue with limited stalls of 6 sq. mtrs. each, for displaying equipment and technologies related to NBC.

SEMINAR FOCUS

The aim of the seminar is two-fold viz; to create awareness about possible NBC threat scenario amongst the industry in general and those associated with development and manufacture of NBC protection equipments and systems in particular; and to acquaint the industry with current and futuristic equipment and technologies related to NBC protection equipment and opportunities available for indigenization.

The seminar will focus on three key areas as follows:-

- a. NBC Threat Perception
- b. NBC Detection & Monitoring
- c. NBC Protection

TECHNICAL SESSIONS

The seminar will consist of three technical sessions, details of which are elaborated below. All session will address specific areas and would give both the user side as well as solutions provider a scenario to work on. The following key areas will be covered:

SESSION-I NBC Threat Perception

A possible set of Threat Scenario would be discussed related to both – the use of NBC weapons and possible dangers in handling such fissile material in the Civilian Nuclear Reactors / Facilities. A short film too would be screened.

SESSION-II NBC Detection

Sensing and Detection systems / techniques required to detect the possible NBC leaks / fall-outs would be explained.

SESSION III NBC Protection

Individual and collective protective measures and decontamination techniques would be discussed. NBC protection of Naval ships would also be explained.

SESSION SCHEDULE

PROGRAMME

0900 to 0930 Hrs	REGISTRATION
0930 to 1030 Hrs	INAUGURAL SESSION
1030 to 1100 Hrs	INAUGURATION OF EXHIBITION & TEA
1100 to 1200 Hrs.	SESSION – I NBC THREAT PERCEPTION <ul style="list-style-type: none">- NBC Threat Perception – An Overview- Short Film
1200 to 1315 Hrs.	SESSION – II NBC DETECTION & MONITORING <ul style="list-style-type: none">- Nuclear Detection Equipment- Chemical Agent Detection & Protection Measures
1315 to 1400 Hrs	LUNCH BREAK
1400 to 1630 Hrs.	SESSION – III NBC PROTECTION <ul style="list-style-type: none">- Individual & Collective Protection in NBC Scenario- Decontamination Techniques- NBC Protection for Naval Ships- NBC Ventilation System for Tactical Mobile Shelters- Collective Protection – Design Philosophy
1600 to 1630 Hrs.	CONCLUDING REMARKS
1630 Hrs	TEA & SEMINAR CONCLUDES

ATTENDANCE

Based on the role and expertise, we have invited senior officers from the Armed Forces, DGQA, DRDO, PSU's, R&D organizations and the Industry to participate and present papers in the seminar. They will provide the inputs in form of technical papers and will be available for interaction throughout the seminar.

This seminar will be useful for CEO's, CTO's, Product Development / R&D / Business Development Managers and Academia. They would get a direct access to information on the needs and requirements of NBC applications in Defence as also in the Civilian Sector where they could step in and contribute profitably. They would also get a chance to interact one on one as well as establish contacts.

The delegates will also get information about the procedural requirements to be completed for becoming a technology partner of the defence.

DELEGATE FEE FOR INDUSTRY PARTICIPANTS

Rs.400/- per delegate for MCCIA members

Rs.500/- per delegate for others

CONCURRENT EXHIBITION

Along with the Seminar an Exhibition with limited stalls of 6 sq. mtrs. will be put up at the venue where Exhibitors will display their competencies and solutions

Rs.3,000/- per stall of 6 Sq. Mtrs. (subject to availability)

"This Is An Awareness Programme Organised In The Public Interest"
