

## **French Jobless reaches a two year high**

France has been hit hard by recession according to official data as the jobless rate reached 8.7% between January and March 2009, up from a revised 7.6% for the last quarter of 2008. As against this the jobless rate for UK was 7.10%, while that for Spain which has been hit real hard was 17.4% during the same period.
