

A Belgian company manufacturing cereals seeking distributors / partners in India

Dear Sir / Madam,

A Belgium based company is looking for the distributor /Partner in India.

The company is a state of the art cereals processing factory. The Company is one of the world's only independent cereals manufacturers having the technology, the equipment and the formulations knowledge to offer cereal products with the very same quality of the world's market leaders!

The Company produces a wide range of world class cereals products, including:

- Infant cereals
- All family cereals
- Cereal mixes for healthcare nutrition
- Cereal supplements
- Binders
- Hydrolyzed flours

The Company wants to:

Cooperate with industries all over the world in co-packing and co-branding top quality cereal items.

It aims to partner **with strong distributors and industries**, to share it know-how in the field of healthy cereals and help bring to their markets top quality and highly competitive products.

We would greatly appreciate if you could let us know your company's interest. Please send your response to :
